### **Peer Leader Tip of the Week for 4/28**

The spring semester is quickly coming to a close, and with that comes end-of-the-semester stressors. Even with great time management and planning, sometimes things take more time and effort. It is important to be flexible, and when things do not go as planned, be patient. As long as you make time and progress, you are very capable of getting back on track and finishing the semester off strong!
